The legend... was true ...?
"The world outside Nostragia is a land inhabited by demons where humans cannot live"

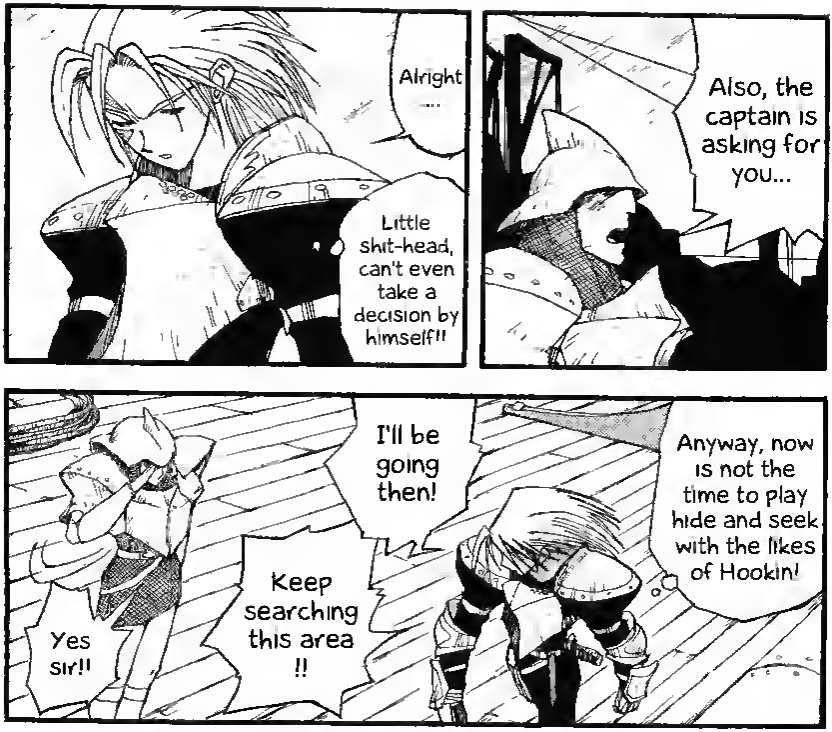
SERGEANT MAJOR FLOOGEH!!
Here is the report from the scout and searching troops!!
We are still unable to find Hookin's boat, or even see its smoke...
I see, good work!



Alright ....
Little shit-head, can't even take a decision by himself!!
Also, the captain is asking for you...
Yes sir!!
Keep searching this area !!
I'll be going then!
Anyway, now is not the time to play hide and seek with the likes of Hookin!

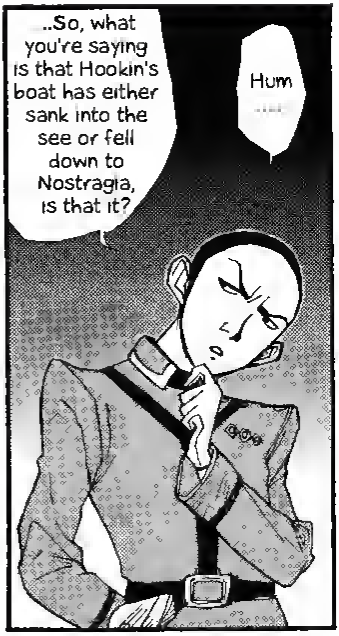
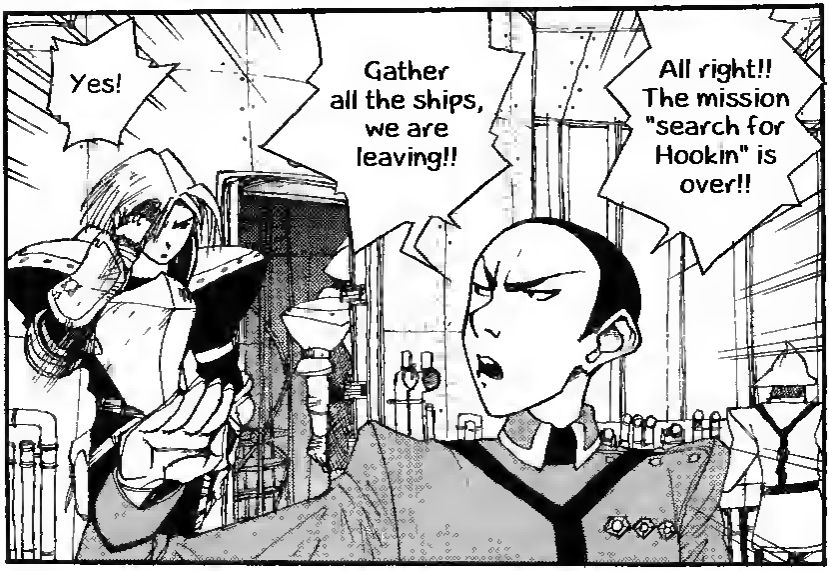
Humpf !!
If it appears to have fallen down to the forbidden land of Nostragia, then there's no meaning in pursuing our search for Hookin
Yes
Even for the all-mighty Ganoptein army, this place is inviolable!



..So, what you're saying is that Hookin's boat has either sank into the see or fell down to Nostragia, is that it?
Hum ....



Yes!
Gather all the ships, we are leaving!!
All right!! The mission "search for Hookin" is over!!

If all comes to worse, I'll have him take responsibility
Floogeh is the admiral's favorite, if he's the one suggesting we give up the mission, I should be forgiven
I will see you there, Albert!
Yes!
Wait for the ships to gather, then head back to port!
